

IJMBS was launched by international scholars

- It has an international editorial board
- It has a mentoring board to help maturing and enhancing the manuscript
- It hopes to increase the exposure of Libyan doctors to the international medical community
- The team hopes to see more Libyan medical research pub-

lished internationally **We accept**

- Retrospective studies
- Prospective Studies
- Clinical trials
- Case reports
- Reviews
- All Clinical specialties
- Basic Science research
- Biomedical research

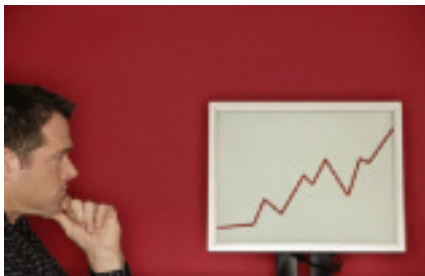

WWW.ijmbs.org

Publish with IJMBS for the following reasons:

- We are sincere about helping Libyan doctors with their manuscripts.
- We are Libyans and know the circumstances with medical research and documentation
- We understand the Libyan medical culture.
- We use a new concept of manuscript mentoring and enhancing not rejection
- Open for criticism
- We want to participate in the making of solid Libyan researchers

ETHICS and MEDICINE

Published by IMA

- IMA is Ibnosina Medical Association
- It is the publishing body of the IJMBS
- It is an association for all Libyan doctors inside and outside
- It is committed to enhance the career of the Libyan doctors
- Send manuscripts to associate editors or managing editor. You may upload to website directly (online)

Thank you to

- All international colleagues for their support
- All Libyan doctors for their support
- Special thanks to some Libyan doctors for their unethical behavior which expedited the appearance of this International Journal.
